It's February, and themes of love are all around.

But instead of seeing it only as a time to buy flowers and enjoy a fancy dinner (though you absolutely still should), we invite you to think about all the ways we get to show love—**love for our neighbors, our community, our art, and ourselves.**

In challenging times, one of the simplest and most powerful ways to support one another is through love: patience, kindness, and care for those around us.

This month, we open our doors for community gatherings and art experiences happening all February long, inviting you into our space to share in that spirit.

As we move through the cold of winter, **we can find warmth, connection, and light—together.**
